

Fujikura Composite Group Procurement Policy

1. Fairness and Integrity

The company ensures open access to all partners, upholding the principles of free competition and acting with fairness and integrity.

2. Compliance with Laws and CSR Procurement

In pursuit of a sustainable society, the company complies with the laws and regulations of each country and conducts procurement activities with due consideration for safety and the environment, fulfilling corporate social responsibility.

3. Partnership

The company values trust-based relationships with partners, fostering co-creation to generate new value. Optimal procurement is pursued based on factors such as quality, price, delivery schedules, technological capability, and corporate social responsibility (CSR).
